

# UDDGP Site Visits

Geothermal Engineering Limited (GEL) has secured funding of £10.6 million from the European Regional Development Fund, £2.4 million from Cornwall Council and £5 million from private investors, to explore the geothermal resources deep beneath Cornwall.

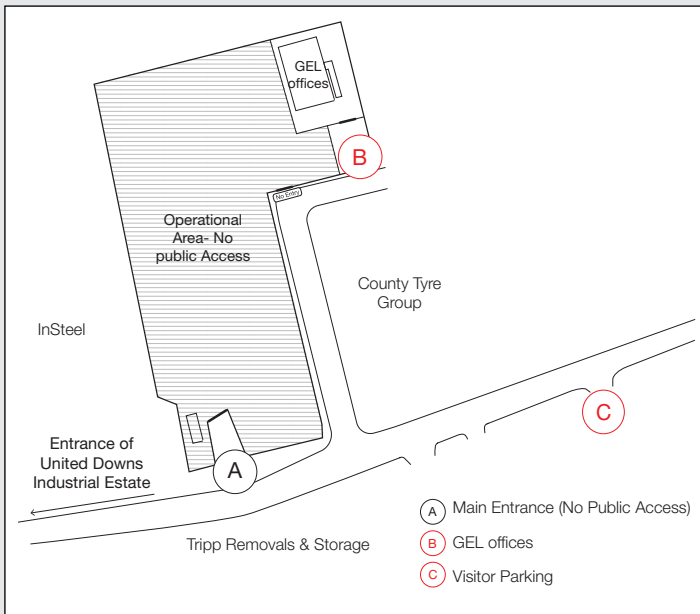

This funding will allow GEL to drill two deep geothermal wells from its site within the United Downs Industrial Estate and build a 1MW - 3MW pilot power plant to demonstrate the technical and commercial viability of supplying both electricity and heat.

## Public Drop-in Sessions

**Saturday 16<sup>th</sup> March 11am - 1pm**

**Tuesday 16<sup>th</sup> April 2 - 4 pm**

\*No booking required
